HQ USB CHARGERS

More and more devices use an USB connection to charge their battery. MP3 players and mobile phones for example, but also digital cameras and navigation equipment. USB is of course very convenient and universal, but what if you do not have a computer near by? Nedis offers different USB chargers which allow you to charge your USB devices via a wall socket or car cigarette lighter. All chargers are equipped with short-circuit protection and automatic overload cut off to protect your equipment.

NEW
